

Trade-In Equipment Return Instructions

1. When ready to return your trade in equipment, please pack only AED units (no pads/batteries/etc.). We recommend shipping your Trade-In unit in your New ZOLL AED box. Clearly mark the outside of all return packages with the corresponding **RMA number: 5055081**.
2. Ship all packages to the address listed below. Customer assumes responsibility for the shipping and packaging of the trade-in equipment at the quantities listed on the trade line items on their quote.
3. Maintain your tracking number for your records as well as to ensure the units are shipped to the location below.
4. This rebate check will be applied in 30-60 days post receipt of Trade-In AED Units. Please ensure you email a copy of your completed voucher to your Accounts Receivable or Accounting Team, so they are aware they will be receiving a check from Cardio Partners as a result of the special ZOLL AED Trade-In Rebate Program and they will know what department to apply the funds to.

AED Rebate Center (5055081)
1033 Collins Road, Suite B
Greenwood, IN 46143

Please contact your Cardio Partner sales representative with any questions or concerns. Thank you!

Include the number below for your return.
